METAL INDUSTRY, January-December, 1937

Articles Asterisked (*) Are Illustrated

ARTICLES

1935-36, Chart of Metal Prices for
*1936, The Record of the Metal Industries
in

A

- A.E.S., Annual Open Meeting of the Newark Branch
- A.E.S. Members' Work Equipment and Supplies, Exhibits
- Abrasives, Grains, Cements for Absorption of Zinc
- Acid Baths Used for Anodic Oxidation of Aluminum Alloys, Deterioration of Chromic Acid Baths
- *Advances, Practical Plating
- Aircraft Finishes, Moisture Permeability of
- Alkaline Electroplating Solution, the pH of
- *Alloy Products: Tubes, etc., Methods of Joining Copper
- Alloy, Refining a Low-Grade Gold
- Alloying, Rolling and Testing, British Metallurgists Discuss
- Alloys, Anodic Coating of Magnesium
- *Alloys, Brass and Copper
- *Alloys, Copper Base
- Alloys in Chromic Acid Solutions, Anodizing Aluminum
- Alloys, The Use of Indium in Fusible
- *Alloys, Welding Copper
- *Alumina Grain, Properties of Fused
- Aluminum Alloys, Deterioration of Chromic Acid Baths Used for Anodic Oxidation of Aluminum Alloys in Chromic Acid Solutions, Anodizing
- Aluminum and Testing Methods, British Institute of Metals Meeting Features Copper, Nickel
- *Aluminum Bronzes, Melting and Casting of
- *Aluminum Castings, Reducing the Cost of Milling
- Aluminum Foil by the Hazelett Process
- *Aluminum Industry, The
- *Aluminum Metallurgy
- Aluminum, Polishing Sand Cast
- Aluminum Turnings, Melting
- *Amends, We Make
- *America, The Metal Working Industry in Pre-Historic
- *American Electro-Platers' Society, Silver Jubilee Convention of the
- *American Electro-Platers' Society, The History of the
- Adv. page 3, June issue
- American Practice in Electroplating
- *American Silver, Exhibition of Contemporary
- Analysis, Computations in Solution
- Annual Open Meeting of the Newark Branch A.E.S.
- Anode Color in Tin Plating
- *Anodes, A large Manufacturer of Nickel Silver, Phosphor Bronze and Nickel
- Anodic Coating of Magnesium Alloys
- Anodic Oxidation of Aluminum Alloys, Deterioration of Chromic Acid Baths Used for Anodizing Aluminum Alloys in Chromic Acid Solutions
- *Application of Lacquer by Tumbling
- *Application of Lacquers to Metal Products, The
- *Applications, Die Castings in Automotive Appreciation, An
- Appreciation, An Adv. page 20, June issue
- Articles, Reclaiming Gold from Gold-Filled
- *Aspects of Metallurgy, Institute Discusses Technical
- *Assemblies, Manufacturing Brass Parts for Hose
- *Assembling Radio Instruments, Manufacturing and
- Automobile Fenders and Sheet Stock, Polishing
- *Automobiles in 1938 Will Use High Grade Metals and Fine Finishes
- *Automotive Applications, Die Castings in

B

*Sandblast, Automatic	411
*Sanders, Disc	515
*Sander, Electric	245
*Sander, Horizontal Belt	245
Sander, New Electric Disc	82
*Sander-Rubber-Polisher, Portable Electric	461
*Sanders, "Take-About"	300
*Sanders, New	244
*Sanders, Two New Disc	631
Saver, Anode	37
*Sawing, Contour	413
*Saw, Metal Cutting Band	629
*Scale and Truck, Combination	248
*Scrap Anode Basket	363
*Scrap Truck	464
*Screen, All Rubber Supports on Gyrotary	459
*Screw Driver, Spiral	180
*Screws with Standard Machine Screw Thread, Thread-Cutting	580
Sealing-to-Glass, Alloy for Sections, Structural Metal	38
*Separator, Magnetic	183
*Service Compound Dump Truck	307
Service, Industrial Color	246
*Set, Sulphate Test	130
*Shaft Buffer, Flexible	577
Shaft Grinder, Flexible	247
Shaft Grinder, Flexible	359
Shaft Grinder, Portable Flexible	362
Shaft Grinders, Flexible	632
Sheet and Strip Metal, Wire Brushes for	38
Sheet Grinder, Wide Belt	576
Sheet Iron Cover Coat, Single Glass Super Opaque	356
Sheet, New Process for Manufacture of Lead Pipe and	520
*Sheet Ready for Painting, Galvanized	129
*Shin-Foot Guard	134
*Shop Microscope	632
*Side Press, Straight	414
Silicate Cleaner, New	630
Silver, Oxidizing Nickel	185
*Single and Double Action Press	82
Single Glass Super Opaque Sheet Iron Cover Coat	583
Sheet-Line Blackboard Finish	520
*Sleeves, "Flexlock" Split	413
*Slide Cushion, Compact	242
*Small Lot Burnisher	583
*Small Parts Pickling Units Goodyear Plioweld Lined	183
*Small Tilting Crucible Furnace	188
*Small Tilting Electric Furnace	410
*Smaller "Hot Spots"	128
*Soft Rubber Polishing Wheels	579
Solder, Aluminum	517
Solder Flux, New Type of Hard	300
Solder for Various Metals	78
Solder, Stainless Steel	631
Solder Sweating in Convection Oven, High Speed	308
*Soldering and Brazing Unit	585
Soldering Flux	132
Soldering Flux	134
*Soldering Machine, Automatic	412
Solids Lacquer, High	245
Solution, Assayed Gold Plating	243
Solution Control, Electroplating	185
*Solution Heater	239
Solution, High Speed Nickel	414
Solutions, Addition Agent for Chromium Plating	304
*Solutions, Analysis of Cadmium and Zinc Plating	37
Solutions, Anti-Pitting Agent for Nickel Plating	524
Solutions, Bright Plating	186
*Solutions, Filter for Plating	631
Solvent, New	81
Solvent, New	133
*Solvents, Recovery Stills for Cleaning	305
Spark Plug, Alloy for	634
*Special Automatic Press	412
*Special Buffing Composition	462
*Speed by Remote Control, Variable	299
*Speed Grinders, Variable	133
*Speed Lathe	410
Speed Lathes	247
Speed Nickel Solution, High	574
"Speed" Primer	304
*Speed Reducers	521
*Speed Solder Sweating in Convection Oven, High	309
*Spinning Lathe	585
*Spinning Lathes, Metal	309

*Spiral Drying Machine	519
*Spiral Screw Driver	180
*Split Sleeves, "Flexlock"	242
Spot Welding Primer, Air Drying	184
Spotting Out Preventive	242
*"Spots," Smaller "Hot"	579
*Spray Booth, Water Washed	244
*Spray Gun	241
*Spray Gun, Improved	183
*Spray Gun, Metal	305
Spray Gun, Molten Metal	515
*Spray Gun, New	523
*Spray Painting Hose	309
*Spray-Vapor Detrex Degreaser, Automatic Vapor	416
*Spray Without Mist	514
*Sprayer for Enameling Plants, Automatic	131
*Spraying Equipment, New	82
*Spring Making Machinery	187
*Squeezers, Cantilever Jar	461
*Stain for the Parker Process, New	356
Stainless Steel Flux	358
*Stainless Steel Polishing Machine	411
*Standard Machine Screw Thread, Thread-Cutting Screws with	580
Stapling Wire, Colored	413
Stainless Steel Solder	308
*Steam Lines, Automatic Pump for Steel, Cleaning Iron and Steel Flux, Stainless	520
*Steel Polishing Machine, Stainless Steel Solder, Stainless	412
Sticks, Iodine	301
*Stills for Cleaning Solvents, Recovery	308
*Stock Handling Carts	411
*Straightening and Cutting Machine, Automatic Wire	356
*Straight Side Press	460
*Strapping Machine, Wire	630
*Strapping Tool, Electric	580
**"Strip" Heater and Bushar	518
*Strip Metal, Wire Brushes for Sheet and	578
*Striping Facilities, Mechanical	583
Stucco, Refractory	305
Structural Metal Sections	183
*Submerged Gas Combustion, New Application of	582
*Sulphate Test Set	577
Sulphur Cement, Improved	189
Super Refractories	576
**"Super Speed" Air Grinder	240
*Supports on Gyrotary Screen, All Rubber	459
*Surfacers, Belt	308
Surfaces, Cleaning of Metal	634
*Sweating in Convection Oven, High Speed Solder	585
*Switch, Improved Reversible	310
*Switch, New Reversing	130

T

**"Take-About" Sander	300
*Tank, De-Watering	361
*Tank for Bright Nickel Plating, Rubber-Lined	630
*Tank, Immersion Heater for Plating	247
*Tank, Waste Pickle Liquor Evaporated in Rubber-Lined	80
*Tanks, Acid Resisting	303
*Tantalum Immersion Heaters	633
*Temper Control Using the Comparison Microscope	181
Temperature Bonding Mortar, High	574
*Temperature Control, Automatic	38
Temperature Controls, Electric	578
Temperature Electric Furnace Element, High	412
*Temperature Exhausters, High	574
*Temperature Gauges for Industrial Use	581
Temperature Paint, High	581
*Temperature Recorder, Portable Travelling Oven	576
*Temperature Recorders and Recording Controllers	585
*Test Set, Sulphate	577
*Tester, Portable Brinell Hardness	628
Texdrive Buffing and Polishing Machines	300
*Thermo-Grip Electric Pliers, Large	299
*Thermometers, Mono-therm	515
*Thickness, Measurement of Plating	301
*Thickness, Measuring Lacquer	304
*Thickness of Nickel Coatings, Measuring	361
*Thread-Cutting Screws with Standard Machine Screw Thread	580
*Thread, Thread-Cutting Screws with Standard Machine Screw	580
*3 HP Electric Grinder	633
*Throttling Controller, New	464
*Tight Goggles, Gas	410
*Tilting Crucible Furnace, Small	128
*Tilting Electric Furnace, Small	309
*Tilting Rack, Can	632
*Tinning Furnace, Hot	462
*Toggle Drawing Press	518
*Tool, Electric Strapping	522
*Tote Pan Truck	179
*Trail Blazer—A Traveling Display, The Roxalin	582
*Transformer Arc Welder, 150 Ampere A.C.	182
*Trap, Bucket	179
*Traveling Display—The Roxalin Trail Blazer, A	524

*Traveling Oven Temperature Recorder, Portable	576
*Traveling Welding Demonstrator	460
*Trays for Plating, All Welded Dipping Baskets and	130
Treating Burns, First-Aid Kit for	415
*Tri-Position Portable Grinder	35
*Truck Casters, New	37
*Truck, Combination Scale and	248
*Truck, Hand	514
*Truck, Scrap	464
*Truck, Service Compound Dump	246
*Truck, Tote Pan	522
*Tube and Pipe Polishing Machines, Automatic	186
*Tube and Rod Polishing Machine	130
*Tube Grinder and Polisher, Internal	308
*Tum-Blast, 36" x 42" Wheelabrator	579
*Tum-Blast, New Wheelabrator	357
*Tumbling Mill	34
Tumbling Process, Dry	248
*Two New Disc Sanders	631
*Two-Wheel Wet Grinder	518

U

*Unit, Baby Portable Airpainting	522
*Unit, Compound Motorized Blower	359
*Unit for Dryer, Auxiliary Heating	634
*Unit Heater	241
*Unit Heaters	239
*Unit Heaters	581
*Unit, Heavy Duty Lighting	518
*Unit, Soldering and Brazing	132
*Unit Type Dust Arrestor	524
*Units Goodyear Plioweld Lined, Small Parts Pickling	188
*Universal Grinder	360
*Usc, Temperature Gauges for Industrial	629
Utility Paint	575

V

*V-Belt Disc Grinders	519
*Vacuum, "Flash" Drying Metal Under	299
*Valve Rammers	582
*Vapor Cleaning Machine	516
*Vapor-Spray-Vapor Detrex Degreaser, Automatic	514
*Vapor-Type Degreaser, Automatic	81
*Vari-Speed Motor Pulley, Countershaft Type	521
*Variable Heat Control	463
*Variable Speed by Remote Control	133
*Variable Speed Grinders	410
*Various Metals, Solder for	631
Varnish, Finishing	359
*Varnishing Machines, Coating and	240
Vehicle, Aluminum Mixing	302
Vehicle, Heat Resisting	514
*Vertical Portable Polisher	242

W

*Warm Air Furnaces, Control for	584
*Waste Pickle Liquor Evaporated in Rubber-Lined Tank	80
*Water Heater, Hot	305
*Water Washed Spray Booth	244
*Wear Resistance, Measuring	459
*Welded Dipping Baskets and Trays for Plating, All	130
*Welder, 150 Ampere A.C. Transformer Arc	582
*Welder, "Dual Control"	580
*Welders, Motor Control on	132
*Welding Demonstrator, Traveling	460
*Welding Die Castings	245
Welding Primer, Air Drying Spot	184
*Wet Grinder, Two-Wheel	518
Wheel Abrasive, New Polishing	81
*Wheel Buffing	414
Wheel Cement, Polishing	131
*Wheel Rakes, Buffing	243
*Wheel Wear Compensator, Grinder Has	521
*Wheelabrator Tum-Blast, 36" x 42"	579
*Wheels, Binder for Grinding	237
*Wheels, Heater to Dry Polishing	584
Wheels, New Grinding	310
*Wheels, Soft Rubber Polishing	517
*Wide Belt Sheet Grinder	356
*Wire Brushes for Sheet and Strip Metal	413
Wire, Colored Stapling	628
*Wire for Electrical Instruments, Fine	628
*Wire Straightening and Cutting Machine, Automatic	460
*Wire Strapping Machine	580
Workers' Hands, Protective Cream for	238
Wrap, Black Metal	577
**"Wrinkadur" Finish, New	310
Wrinkle Finish	308
*Wrinkle Finishes	242
Wrinkle Finishes, Color Effects on	463

Z
